ATTENDANCE

Regular attendance and punctuality are important to the children from the very first day of attendance. The earlier your children learn that school is their job and that being present is their responsibility, the more satisfactory their growth will be. Unless a child is physically unable to attend school, the child should be present every day. Every absence is a loss of classroom instruction.

The attendance record follows the child after graduation. It is furnished to colleges along with academic records and is frequently requested by employers after graduation. This record is generally considered an indication of a student's reliability.

Attendance represents a significant monetary investment in every child enrolled in school. State and federal aid depends to a large degree on a child's attendance and has a definite effect on school budgets and district taxation.

ATTENDANCE PROCEDURES

Phone Calls. Parents – please call the school on the first day of absence.

Notes. Notes are required for any absence or lateness and are to be given to the middle school main office, high school main office or elementary classroom teacher. It is the note that can legalize an absence or lateness in accordance with New York State guidelines. Without the note, the absence or lateness must be considered illegal. However, regardless of the legality, instruction and state aid are lost whenever any student is absent for the day for any reason. A doctor's note is required by the Health Office for any student wearing a cast, utilizing crutches, having stitches, or who recently had surgery. *A student may not attend school without this note.*

After five days absence, a clearance note from a doctor is requested for student to return to school.

Partial Days Absence. Some parents think that if a child does not or cannot get to school for at least 1/2 day, there is no use in attending. This is not correct. Forty-five minutes or more of attendance means they can receive some instruction and cannot be counted absent for the whole day. No secondary school student should ever enter school late without first getting a late pass.

Appointments. The foregoing statement is also true for medical, optical, etc., appointments that cannot be scheduled on other than school time. A student may be released early (upon written request from the parent or guardian plus an administrative approval) or attend school after the appointment (with a note from the parent). Partial instruction is better than none and the student will be marked present for the day.

Absence Due to Illness. The district philosophy toward absenteeism because of illness can be summed up in the phrase—a child too sick to come to school is a child too sick to leave the house—for other than medical care. This means a child, generally, would be at home if the District Attendance Clerk visits. Please keep children home from school until they are fever free for 24 hours. Medicating a child with Tylenol/Advil/Motrin does not render them contagious free. Any student who has vomited should be kept home for 24 hours. To prevent the spread of infection, we need your diligent cooperation in this matter.

Absence Due to Family Vacation. Daily attendance in school is both vital to a student's academic success and a legal obligation. Please know that any student absent from school due to a family vacation is considered illegally absent. When a student is absent from school illegally it is not the responsibility of the school district to provide that student with any work ahead of time to be completed for the day illegally missed.

Chronic attendance issues may be a cause for referral to outside agencies and/or loss of credit.

Working Papers. The district philosophy regarding absenteeism also applies to after school jobs. No school—No work. Violation of this rule could result in revocation of working papers.

Homework. Securing the phone numbers of two students in class can be helpful when a student is absent and would like to obtain the homework assignments and class notes. The district policy mandates homework with varying time limitations according to the student's grade level. All students are expected to comply with the policy requirement. See page 5 for Homework Policy.

EMERGENCY CLOSING OF SCHOOL

In the event that it is necessary to close the schools of Seaford or to delay school opening due to inclement weather or any other emergency, announcements will be made by L.I. Radio Group, Channel 12 News, the district website (www.seaford.k12.ny.us) and through the district's automated telephone contact system - Shout Point. A delayed opening will mean that schools open one or two hours later and students report to their bus pickup locations one or two hours later as directed by the Superintendent of Schools.

Since emergency conditions frequently overload telephone and broadcast communications, the district cannot always make the necessary station contacts. Parents are advised to refer to more than one station.

Whenever you are in doubt about the schools being open, you are urged to listen or view one of these stations for bulletins. Avoid the confusion that results when too many people try to telephone the school.

Interscholastic sports, extracurricular activities and use of facilities are canceled whenever the regular day program has been canceled.

KINDERGARTEN ENTRANCE REQUIREMENTS

Every child who enters kindergarten must be at least five years of age on or before Dec. 1 of that year. There are no exceptions.

Entrance requirements to kindergarten shall further include the following qualifications: A child who is eligible to enter kindergarten by age requirements who has not previously enrolled* in kindergarten class will be permitted to enroll in kindergarten on or before December 1 only in that school year. A birth or baptismal certificate is required at the time of registration.

*Enrolled is defined as entered and attending school on a regular basis.

Immunization Requirements: The New York State Compulsory Immunization Law requires that all immunizations be completed and verified by a physician, nurse practitioner or a physician's assistant. Please contact the school nurse for required immunizations.

Dental health certificates are requested for enrollment in kindergarten. *All immunization requirements must be completed before the school year begins in September.*

RELEASE TIME FOR RELIGIOUS INSTRUCTION

Children may be released from school for not more than one hour each week at the close of a school session to attend religious instruction. The instruction must be provided by an organized group. Parents must submit written requests signed by a representative of the religious group and themselves.

The school district does not provide transportation for religious instruction. Such transportation must be provided by parents or the religious organization.

GUIDANCE/SOCIAL WORK SERVICES

Guidance services are provided to help students make the most of their abilities and opportunities in school. Four counselors are assigned to the senior high school; two counselors are assigned to the middle school. In addition, elementary school students have access to a guidance counselor. School Counselors have conferences with individual students and with groups to assist new students to become oriented to the school, to help formulate educational and vocational plans and to help with personal problems. Each school in the district has at least one mental health professional on staff.

High school counselors schedule meetings with each student in their caseload throughout the year, but a student may request assistance from the counselor whenever necessary. A student who wishes to see the counselor during the school day may request a pass to report to the guidance office during his/her study hall or lunch period, or may stop in before or after school.

Parents are invited to call their child's counselor to discuss progress in school and to address particular questions or concerns. Students who leave school or transfer to another school disenroll through the guidance office.

Students under 18 years of age, who secure part-time jobs during the school year or vacation, should secure "working papers" applications from the guidance office. See "Working Papers" for the procedure.

SPECIAL EDUCATION

The Seaford School District, in compliance with state and federal law, has made provisions for students with educational disabilities to obtain special services through the District Committee on Special Education. The Seaford Committee on Special Education, which consists of a chairperson, special and regular education teacher, parents, psychologists and other designated personnel, recommends all students who are placed in those special education programs and reviews the appropriateness of continued placement within the classes. Any parent who suspects that her/his child may have a disability may refer the child for an evaluation by the Committee on Special Education (CSE) for eligibility for Special Education Services. The written referral can be made to the student's principal or to Ms. Culella-Sun, Director of Pupil Personnel Services, 1575 Seamans Neck Road, Seaford, NY 11783.

More detailed information on this process is available at: www.p12.nysed.gov/specialed/publications/policy/parentguide.

Evaluations are conducted through the Special Education Office, (516) 592-4360. Concerns can be discussed with the Director of Pupil Personnel Services or the Special Education Chairperson. Special education services that are available through the CSE are consultant teachers, resource rooms, integrated co-teaching, special classes, speech and language therapy, psychology and OT/PT.

PSYCHOLOGICAL SERVICES

Each school employs a full-time psychologist to serve the district schools. The school psychologists, as members of the Committee on Special Education, and of the school faculty, share with the teachers, school administrators, and other school personnel the basic goal of making adequate provisions for meeting individual pupil needs in the school setting. They are actively involved in the psychological evaluations and counseling of students.

The psychologists consult with parents, as well as with teachers and administrators, to interpret psychological test findings and to help implement recommendations which have been decided upon in conjunction with other support service staff members.

READING SERVICES

The Seaford School District offers reading instruction. Recent emphasis has been on an integrated language arts approach so that reading, writing, spelling, listening, thinking and speaking are linked. Teachers and students explore the relationships among these vital communication skills. Students in every grade are encouraged to improve their abilities to receive, analyze, organize and transmit information and ideas.

Instructional support for reading deficits is available to students in grades K-12. Students who experience difficulty in utilizing printed text are identified by parents, teachers and through their performance on standardized instruments. Such service is delivered to at-risk students in a variety of forms. On the elementary level, classroom teachers and reading specialists work together to decide whether in-class or pull-out services best meet students' needs. On the secondary level (middle and high school), students may be scheduled into remedial or support classes. Reading support is an additional service and never is offered in place of reading instruction.

REPORT CARDS/PROGRESS REPORTS

High school and middle school report cards are posted quarterly. Elementary report cards are posted three times a year. Parents are encouraged to access the Parent Portal of Infinite Campus to view and monitor their child's grades and progress. For information about the Parent Portal and to create an account, please contact the Technology Office at (516) 592-4390. Our school staff welcomes the opportunity to discuss individual student progress throughout the school year.

HOME INSTRUCTION PROGRAM

Children are placed in the Home Instruction Program at the recommendation of their physician or the Committee on Special Education and with the approval of the Assistant Superintendent for Human Resources and Instructional Support or her designee. The program assists students who, for physical, emotional or other reasons, are unable to attend school regularly for a period of more than two weeks. It assists children to grow academically in relation to their abilities at a rate commensurate with their specific condition. It cannot duplicate a regular school day and is never a viable long-term alternative. Elementary students are eligible for one hour a day; secondary students two hours a day for each school day missed.

SPEECH, LANGUAGE AND HEARING SERVICES

Speech, Language and Hearing Services have a two-fold purpose in the Seaford Schools:

1. The identification of student speech and language problems.
2. The elimination and/or management of these problems so that the youngster will be able to function successfully within a school and/or social situation.

Each fall all students failing the hearing screening examination administered by the school nurse are given a full hearing evaluation. The results are placed in the child's health record and serve as a reference for early correction and/or rehabilitation. At this time all speech and language problems are evaluated so that the therapeutic groups may be established. Conferences are held with parents, teachers and any other service or agency that may be of aid in the management of the learning difficulties.

The speech therapists are an integral part of building Instructional Support Teams and the Committee on Special Education working closely with all of its members.

HEALTH SERVICES

The Seaford School District provides health services to help ensure a healthful school environment. Health Services include an annual health appraisal on selected grade levels. All students are encouraged to have an annual examination by their family doctor, as well as be seen yearly by the family dentist. Health forms are given to all students and are also available from the school nurse. All new entrants and students in grades K, 1, 3, 5, 7, 9 and 11 are mandated to have a physical examination completed by their family physician or the school physician, which includes a Body Mass Index (BMI) and weight status category with their physical. Beginning Jan. 31, 2021, physical examinations for school are to be documented on the NYS Required Health Examination or an electronic health record equivalent form. Forms can be found on the District website under Health Department Forms. No other forms will be accepted. A dental health certificate is also requested for these grade levels.

The Body Mass Index (BMI) helps the doctor or nurse know if the student's weight is in a healthy range or is too high or too low. Recent changes to the New York State Education Law require that BMI and weight status group be included as part of the student's school health examination. We may be reporting to the New York State Department of Health information about our students' weight status groups. Only summary information is sent. No names and no information about individual students are sent. However, you may choose to have your child's information excluded from this survey report. Please contact the nurse's office at your child's school.

Vision and hearing screening is done for students in kindergarten and grades 1, 3, 5, 7 and 11 and at any other time deemed necessary. Scoliosis screening is done girls in grades 5 and 7; boys in grade 9. All health issues found at the time of the above screenings will be reported to parents in writing.

First aid ONLY is provided for students and staff members who have an accident or become ill during the school day. It is then the responsibility of parents to care for their children.

Students who wish to participate in interscholastic sports on the secondary level that require a physical examination have the choice of seeing their own physician or the school doctors. The school doctors make scheduled visits to the Health Offices at the middle school and the high school.

Parents are urged to regularly update demographic data on Infinite Campus, including phone numbers of responsible family members and/or neighbors who can be contacted when parents are not able to be reached in case of a student's illness or injury.

If a child needs to be excused from physical education for one week, parents should send a note to the school nurse. Students who need to be excused for more than one week must submit a physician's note to the Health Office, which states the reason for exclusion. Students who will attend school with sutures/staples, casts and/or crutches must have written permission from a doctor to attend school. Failure to comply with this requirement may necessitate exclusion from school until such time as the required documentation is received by the school nurse.

Students who need to take medication during school hours must keep the medication, along with a school medication form (fully completed by parents and physician), in the Health Office. Medication forms can be obtained from the school nurse. It is the child's responsibility to report to the Health Office at the prescribed time to take this medication. Adults must bring medication in its original container to the Health Office. No medication may be brought to school unless the above regulations are followed. Students are NOT to take any medication in school unless the above procedure is followed.

Parents should familiarize themselves with the District's Concussion Policy #5282.

IMMUNIZATION GUIDELINES

New York State has made some recent changes to the immunization requirements for all students which can be obtained by contacting the nurse in your child's school. The detailed information can be found at the following website: <http://health.ny.gov/prevention/immunization/schools/>

STUDENTS WITH ALLERGIES

The Seaford School District has policy #5420-Student Health Services. The policy and regulation describe the district's role in creating an allergen-safe school environment and define the specific procedures which help to insure the safety of allergic children. These and all Board of Education policies are available on the district's website at: www.seaford.k12.ny.us. Click on Board of Education, Board of Education Policies.

ANIMALS ON SCHOOL PROPERTY

Bringing dogs or other animals on school property, except those authorized as guide/assistance animals, police dogs and dogs used for geese control, is strictly prohibited (Policy #5300.70).

PHYSICAL EDUCATION

An extensive physical education program is offered to all students from grades K-12. The program consists of a progression of a wide range of lifetime, leisure, and recreational sports activities. The main focus of the program is to help develop each individual's fitness level and to teach the various skills in a variety of sports. An adaptive physical education program is also provided for students who can only participate on a limited basis because of illness or injury.

If you have any questions concerning our program, please call the Director of Physical Education, Health and Athletics at (516) 592-4350.

ATHLETIC DEPARTMENT

A program of interscholastic athletics is offered to students in grades 7-12. This consists of teams on the Middle School, Junior Varsity and Varsity levels. Any student interested in participating should contact the coaches in the building or call the Athletic Department at (516) 592-4350. If the district is on contingency, interscholastic athletics may not be offered.

Information concerning Concussion Management can be viewed on the high school's website under Athletics or in our Board of Education Policies, Policy #5282.

HOMEWORK

Homework provides essential practice in needed skills, fosters good work habits, affords opportunities for self-direction on the part of the student, extends and enriches school experiences for the student, acquaints the student with out-of-school learning resources, and promotes growth in self-responsibility on the part of the student. The attitude of the parents toward the homework responsibilities of their children is most important. The parent who takes an active interest in the child's progress at school and at home and who has taught the child the value of education in our society will do more than anyone else in shaping the attitude of the student.

The parent is a partner with the student and a partner with the teacher in helping the student profit from well-planned homework assignments. If parents and teachers cooperate fully in the execution of homework policy, the results will be rewarding for all concerned. The following are approximate time allotments by grade for daily homework assignments, not including projects, research and outside reading.

GRADE LEVEL MINUTES PER DAY

K	5 - 10 (Teacher Discretion)
1	10 - 20
2	20 - 30
3	30 - 40
4	40 - 50
5	50 - 60
6-12	60 - 90

Students who have missed work for a legitimate reason (illness, religious observance, etc.) should make up missed assignments within a reasonable time as determined by the teacher.

RELEASE OF DIRECTORY INFORMATION

(Under the Federal Family Educational Rights and Privacy Act)

Unless objection to any of the specific items in the following "Directory Information" is submitted in writing by parents, legal guardians or those students over the age of 18, the School District herewith gives notice of its intention to provide, release or publish in the District Newsletter or Bulletin; school or student newspapers; athletic programs, musical, theatrical or award programs; news releases and school-related organizations any or all of the following directory information pertaining to students as may be appropriate under the circumstances: the student's name, parent's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent, previous educational agency or institution attended by the student. This confidential information may be obtained by parents, guardians, or students over the age of 18 by contacting the individual building principals or the Director of Pupil Personnel Services. The parent/guardian or eligible student has a right to: 1) inspect and review the student's educational records; 2) request that records be amended to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy rights; 3) consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent; and 4) file a complaint with the United States Department of Education alleging failure of the district to comply with FERPA and its regulations.

Under the Regulations of this Act, parents, guardians, or students over the age of 18 who do not desire the release of any of the above directory information must make a specific request in writing to the Superintendent by the end of September. Failure to make such request shall be deemed consent to release, provide or publish the directory information. Parents of high school students and the students themselves have the right to request that the district not release their name, address, and telephone number to military recruiters without prior written consent. Please contact your guidance counselor.

STUDENT REGISTRATION

Students who enroll in the district at grade levels other than kindergarten and those kindergarten students who are not registered during the dates of kindergarten registration will be asked to complete all the necessary registration procedures at Central Administration during the school year. The completion of the registration materials will be under the direction of the Registrar. Please call (516) 592-4011 to make an appointment.

WORKING PAPERS

The school district cooperates with the New York State Labor Department in the issuance of working papers required by law for students under the age of 18 who seek employment and are residents of the district.

To secure a working permit, a student must:

1. Obtain an application for a working permit in the Seaford High School Guidance Office or the Seaford Middle School Guidance Office.
2. Students must bring their Social Security card or a copy of it and proof of age to the Guidance Office. Working papers cannot be issued without the Social Security card. (Apply to the Social Security Office in Freeport at least six weeks before the papers are needed.)
3. Physical examinations must be completed by a school physician or private physician. Physical examination certificates are obtained in the Health Office, and when completed, should be returned together with the signed application and the Social Security card to the High School Guidance Office. During the regular school year, working papers are issued and processed daily from 10:30 a.m.-1:30 p.m. with a 24-hour processing period. During the summer vacation (July & August) all employment papers are issued and processed from 9-11:30 a.m. in the High School Guidance Office. There is a 24-hour processing period.

NATIONAL SCHOOL LUNCH PROGRAM

Seaford Union Free School District, in compliance with the National School Lunch Program, offers a free and reduced-price meal for all district children unable to pay the full price. Children will be notified of the lunch prices in September. Eligibility criteria are established each year by the federal government and are published each fall. Eligible families may apply for free or reduced-price meals and/or free milk for children. Applications are distributed each year and are available in the principal's office in each school and may be submitted any time during the school year. Families in need of further details are asked to contact the principal's office in the appropriate school building.

TRANSPORTATION

Public School Children

This district provides transportation for children according to the following distances:

Grades K-5	–	Beyond .75 miles from school to home
Grades 6-8	–	Beyond .80 miles from school to home
Grades 9-12	–	Beyond .80 miles from school to home

Parents who have questions relative to transportation should contact the Transportation Office at (516) 592-4016. All students must carry their bus passes at all times.

Non-public School Children

Children attending non-public schools in the district are guided by the same rules that govern transportation for public school children.

Out-Of-District Transportation

Parents of children requesting transportation to out-of-district schools within 15 miles of their residence must request this transportation by April 1 of each school year. Requests should be addressed to the Department of Transportation, Seaford Public Schools, 1600 Washington Avenue, Seaford, New York. This

is necessary to enable the district to estimate its transportation needs and costs for the following year. Families new to the district and who establish residency after April 1 will have 30 days from the time of establishing residency to submit an application.

Children with Disabilities

Transportation is available for children with disabilities through the Committee on Special Education. For further information, contact the Director of Pupil Personnel Services at (516) 592-4360.

DRUG AND ALCOHOL INTERVENTION

Support staff in each school building, work closely with teachers, administrators and students to raise awareness of problems related to substance abuse. The social workers' duties include counseling students, speaking to classes, preparing assembly programs and working with families and outside agencies in order to meet the needs of students involved in substance abuse.

COMMUNITY USE OF SCHOOL FACILITIES

The Board of Education wishes residents representing responsible organizations and groups of the district to have the benefit of the use of school facilities when school and/or school-sponsored activities are not in session.

Thus, the district's buildings and grounds are used for many activities which are educational, cultural, recreational and civic in nature and which are primarily for the benefit of school district residents. Our schools have indeed become centers of community life. Applicable fees for use of buildings will be charged.

AHERA COMPLIANCE ACTIVITIES

In accordance with 40 CFR §763.84.c, regard this statement as the district's annual notification to all workers, students and/or their legal guardians that the district continues to maintain its Asbestos Management Plan (AMP) which documents all performed or planned asbestos related inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities within the school district. A copy of this AMP is available for your review and/or inspection at the district's facilities office. Please contact the Director of Facilities and Operations, the Asbestos Designee, at (516) 592-4040 to arrange a meeting to discuss this in further detail.

PESTICIDE NOTIFICATION

A New York State law requires schools to inform all staff, parents and guardians that pesticides may be used periodically throughout the school year. We are required to maintain a list of staff or parents who wish to receive 48-hour written notification of pesticide applications. If you would like to be notified, or have any questions regarding the legislation, please contact the district's Director of Facilities and Operations at (516) 592-4040. The Seaford School District utilizes an integrated pest management, IPM, approach to manage pests focusing on long term prevention or suppression with minimal impact on human health, the environment and non-targeted organisms. Seaford School District is a nationally certified IPM Star Certified School System by the IPM Institute of America.

Our SCOPE-operated After-School Child Care Center is open daily to Harbor, Manor and 6th grade middle school students from 3:15-6:30 p.m. and is located in the Harbor and Manor Schools. 6th grade students will be escorted to the Manor School program at dismissal each day. The goal of these programs is to provide quality child-care in a supervised setting before and after school. These programs provide a safe, warm, caring and nurturing environment for students.

Activities are provided which support children and promote their skill development. It is designed to be FUN! Children have a choice of indoor and outdoor activities which are age appropriate. Activities include sports, arts and crafts, dance, music, story time, drama, games, and homework. Activities are structured either in groups or on an individual basis. Children are offered a nutritious snack each day.

SCOPE is licensed by the New York State Office of Children and Family Services and employs a supervisor, assistant supervisor and aides for our program. The program operates at no cost to the taxpayers, as parents or guardians of participants are charged a monthly fee depending on the number of days their child(ren) attend(s). In advance of each month, parents/guardians receive a calendar in order to select the days their child(ren) need(s) child care for the upcoming month and prepare a check payable to SCOPE. Children need not participate every day, nor follow the same schedule each month. For further information, please call SCOPE at (631) 360-0800.

THE PARENT-TEACHER ASSOCIATION

The PTA works to promote the welfare of children and youth in the home, school, community and place of worship and aims to establish a good home-school relationship. The Seaford School District has four PTA units; two elementary, one middle/high school (PTSA) and a unit representing special education parents (SEPTA). Meetings are held in each school and afford you the opportunity to meet the teachers, administration and your neighbors. CODE OF CONDUCT

Rights and Responsibilities

Student Rights

The School District is committed to safeguarding the rights given to all students under state and federal law. In addition, to promote a safe, healthy, orderly and supportive school environment, all School District students have the right to:

1. Participate in all School District activities on an equal basis regardless of their actual or perceived race, weight, color, national origin, ethnic group, religion, religious practice, gender, sex, sexual orientation or disability.
2. Present their version of the relevant events to school personnel authorized to impose a disciplinary penalty in connection with the imposition of the penalty.
3. Access school policies, regulations and rules and, when necessary, receive an explanation of those rules from school personnel.

Student Responsibilities

All School District students have the responsibility to:

1. Promote a safe, supportive and orderly school environment that is conducive to learning.
2. Respect others, respect the property of others and respect school property.
3. Maintain behavior free from all forms of harassment, bullying and/or discrimination.
4. Be familiar with and abide by all School District policies, rules and regulations dealing with student conduct.
5. Attend school every day unless they are legally excused and be in class, on time, and prepared to learn.
6. Work to the best of their ability in all academic and extracurricular pursuits and strive toward their highest level of achievement possible.
7. React to direction given by teachers, administrators and other school personnel in a respectful, positive manner.
8. Work to develop mechanisms to control their anger.
9. Ask questions when they do not understand.
10. Seek help in solving problems that might lead to discipline.
11. Dress appropriately for school and school functions.
12. Accept responsibility for their actions.
13. Conduct themselves as representatives of the School District when participating in or attending school-sponsored extracurricular events and to hold themselves to the highest standards of conduct, demeanor and sportsmanship.

Prohibited Student Conduct

The Board of Education expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, School District personnel and other members of the school community, and for the care of school facilities and equipment. In addition to its right to impose discipline, the Board of Education reserves the right to pursue the cost of repair to damages caused by a student's misconduct in accordance with its rights under the law.

It is expected that all students conduct themselves in a manner that supports the intent of the Dignity for All Students Act; creating a safe and supportive school environment free of discrimination, bullying/cyberbullying and harassment.

Conduct that creates a hostile environment at school and school-sponsored events is strictly prohibited. This conduct can include but is not limited to conduct, threats, intimidation or abuse that constitutes harassment and/or bullying as defined in the "Definitions" section of this Code of Conduct.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. School District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board of Education recognizes the need to make its expectations for student conduct while on School Property or engaged in a School Function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct. All violations apply to student behavior in school, on School Property, on school buses and at school-sponsored functions and student behavior off school property where such acts create or would foreseeably create a risk of substantial disruption within the school environment or where it is foreseeable that the acts might reach school property.

Students may be subject to disciplinary action, up to and including suspension from school, when they:

A. Engage in conduct that is disorderly. Examples include, but are not limited to:

1. running in hallways.
2. making unreasonable noise.
3. using language or gestures that are profane, lewd, vulgar or abusive.

EXPECTATIONS FOR STUDENT PARTICIPATION IN INTERSCHOLASTIC ATHLETICS AND EXTRACURRICULAR ACTIVITIES

There is an expectation for all students that are members of interscholastic athletic teams at Seaford Middle School and Seaford High School, and those that participate in extra-curricular activities, including clubs, that all aspects of the student Code of Conduct are understood and adhered to. Participation in interscholastic athletics and extracurricular activities is a privilege for students that are in good academic and behavioral standing and not a right equivalent to what is referred to as a Free and Appropriate Public Education in education law. Violations of the Code of Conduct may lead to a suspension or removal from a team or club depending on the severity of the infraction.

Additionally, good citizenship in the community is a minimum expectation for all of Seaford’s students, and particularly those that expect to compete as Seaford athletes and/or remain active in extra-curricular activities. In the event a student becomes involved in a student disciplinary situation outside of school, including but not limited to a violation of law, a decision may be made to suspend the student from interscholastic athletics and/or extra-curricular activities until the situation is resolved, whether the incident has a connection to the School District or not. The suspension decision will take place after a meeting occurs with the student, the student’s parents, the building principal, the coach of the team and Athletic Director and/or adult supervisor of the club or activity and any other parties the School District deems appropriate.

INTERNET AND COMPUTER NETWORK

Acceptable Use Guidelines

Access to the Seaford School District Network is a privilege offered each academic year to all students and educators.

Code of Conduct

The Seaford School District Network user is held responsible for his/her actions and activity within his/her user account. Unacceptable uses of the Network will result in the suspension or revoking of these privileges.

1. Using the Network for any unauthorized access including but not limited to hacking and/or illegal activity and violation of copyright or other contracts.
2. Using the Network for financial or commercial gain.
3. Degrading or disrupting equipment or system performance.
4. Vandalizing the data of another user.
5. Wastefully using finite resources.
6. Gaining unauthorized access to resources or entities.
7. Invading the privacy of individuals.
8. Using an account owned by another user.
9. Posting personal communications without the author’s consent.
10. Posting anonymous messages.
11. Using the Network to access material which is obscene, pornographic and/or harmful to minors.
12. Transmitting personal information about any student by that student or others, including pictures, addresses, phone numbers, pager numbers and email addresses.

Internet Controlled Filtering

In accordance with the provisions of the Children’s Internet Protection Act (“CIPA”), the District requires that all District computers with internet access be equipped with filtering or blocking technology which will, at a minimum, block or filter internet access for both minors and adults, to visual depictions that are obscene; child pornography; and for computers used by minors with internet access, harmful

to minors. No filtering technology can guarantee that students will be prevented from accessing all inappropriate locations. However, the District shall institute measures to monitor the online activities of minors and assist students in the appropriate use of the internet. Under certain supervised circumstances, authorized personnel may override the filtering/blocking technology for a limited, prescribed period, to assist staff members engaged in legitimate research or other lawful purposes. The District will develop regulations to implement this element of the policy.

The District shall provide employee training for proper use of the Network, including training to foster the safety and security of minors when using electronic mail, chatrooms and other forums of direct electronic communications; as well as training to prevent unauthorized disclosure, use and dissemination of personal identification information regarding minors.

All users of the Seaford School District Network, including students and staff, must abide by the District's restrictions on Network use. Further, the user and, where applicable, his/her parent(s) or guardian(s), are warned that the Seaford School District does not have control of the information on the internet. Even though the Seaford School District Network uses internet filtering equipment, it is possible that the requester might access unacceptable sites. These sites may contain material that is illegal, defamatory, inaccurate or potentially offensive to some people. Therefore, users shall discharge and hold harmless the Seaford School District, its Board of Education trustees and employees from any and all claims, liabilities, demands, causes of action, costs, expenses or obligations of any kind, known or unknown, arising out of or in any way relating to his/her own or his/her child's use of or access to the Seaford School District Network or other independent networks. While the Seaford School District's intent is to make internet access available to further its educational goals and objectives, users may access other materials as well.

The Seaford School District believes that the benefits to educators and students from access to the internet, in the form of information resources and opportunities for collaboration, far exceed any disadvantages of access. But ultimately, parent(s) and guardian(s) of minors are responsible for setting and conveying the standards that their child or ward should follow.

The Seaford School District would like to emphasize that the independent networks accessed through the Seaford School District Network are open systems. This means that another individual within or outside the Seaford School District community might access a Seaford School District's user's files without the user's prior knowledge or consent. Therefore, the Seaford School District's advice to all users is "Don't put anything in writing that you wouldn't want other people to read." As it is impossible to guarantee complete security, the Seaford School District accepts no responsibility for any consequences of unauthorized entry, even if such entry could have been prevented by procedures known to the Seaford School District but not adopted. Seaford School District Network will make reasonable efforts to protect the electronic files of every user. The user and, where applicable, his/her parent(s) or guardian(s) must understand the specific conditions and services being offered will change from time to time. In addition, a user uses Seaford School District Network at his/her own risk. The Seaford School District makes no warranties with respect to Seaford School District's service, including but not limited to the following:

1. The content of any advice or information received by a user from a source outside Seaford School District Network or any costs or charges incurred as a result of seeing or accepting such advice.
2. Any costs, liability or damages caused by the way the user chooses to use his/her Seaford School District Network access.
3. Any consequences of service interruptions or changes, even if these disruptions arise from

circumstances under the control of the Seaford School District.

4. While the Seaford School District supports the privacy of electronic mail, account users must assume that this cannot be guaranteed.
5. Network users have NO EXPECTATION OF PRIVACY with respect to any data stored or transmitted via the District's Network or used in conjunction with the District's Network. School officials shall monitor the use of the District's Network and can and will search, at any time, the account, email, disks, files or other data stored on the District's Network.

Users must recognize that the Seaford School District's Code of Conduct applies to the use of the Seaford School District Network and other independent networks, and that any usage of these networks in violation of this code or the Seaford School District's policy and procedures regarding usage of the networks, and/or any of the Seaford School District's policies and procedures, will be subject to appropriate disciplinary action, including but not limited to loss of Seaford School District Network privileges.

No Privacy Guarantee

There is a no privacy guarantee for electronic mail (email), home directories or any use of the District computer Network. The District reserves the right to access and view any material stored on District equipment or any material used in conjunction with the District computer Network. Any user in violation of these guidelines should be reported to the teacher, the building principal and/or the Director of Technology.

Illegal Activities

Illegal activities are strictly prohibited. Information pertaining to or implicating illegal or unlawful activity will be reported to the proper authorities. Transmission of any material in violation of any federal, state and/or local law or regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material or material protected by trade secret. Users must respect all intellectual and property rights and laws.

Copyright

Users navigate the internet and District computer Network, and use information, at their own risk. The District will not be responsible for any damages suffered by any user, including, but not limited to, loss of data resulting from delays, nondeliveries, miss deliveries or service interruptions caused by its own negligence or the errors or omissions of any user. The district also assumes no responsibility for:

- (a) The content of any advice or information received by a student from a source outside the District, or any costs or charges incurred as a result of seeing or accepting such advice;
- (b) Any costs, liability or damages caused by the way the student chooses to use his/her District computer network access; and
- (c) Any consequences of service interruptions or changes, even if these disruptions arise from circumstances under the control of the District.
