Green Team Goes Green

Seaford Harbor Student Council, along with high school students from the *Green Team Club*, came together recently to celebrate the 40th Anniversary of Earth Day by planting a donated 10-foot shade tree in front of the Harbor school. They were joined by Superintendent Thomas Markle, Director of School Facilities Andrew Ward, Principal Donna Delucia-Troisi, Assistant Principal Debra Emmerich, Student Council Advisors Peter Lutz and Michell Wojcik, and High School Computer Teacher Lauren Thompson. Pictured are some of the students in front of their newly planted tree.
