

MEGHAN MARCHICA

Valedictorian

2002

FONDEST HIGH SCHOOL MEMORY:

Playing various sports. I had great coaches (Ms. Mooney, Ms. Gant, Mr. Sheehan) and teammates. Sports taught me a discipline that I have maintained throughout my life and have also taught me how to work with people collaboratively.

FAVORITE HIGH SCHOOL TEACHER:

MR. O'REILLY

He is very bright! He went above and beyond to make sure we grasped the concepts. He invested time before and after school to make sure we had an understanding.

I WAS INVOLVED IN:

National Honor Society, Volleyball, Softball and Basketball

CLASS THAT PREPARED ME MOST:

Math and Economics

SINCE GRADUATION, MY PLANS CHANGED:

I have worked in insurance for my entire career. While attending college, I didn't have an interest in it or knowledge of it. While attending Seaford High School, my thoughts were to become an actuary, which relates to the industry I am in now.

ADVICE TO MY HIGH SCHOOL SELF:

Do not underestimate what you are capable of.

COLLEGE:

Mary Washington
