1. Why do you want to be elected and what characteristics do you hold that make you the best candidate?

I would like to be elected as the treasurer position. I am interested in the duties that a treasurer must execute, and I believe that I am the best qualified candidate to take on these tasks. I have interest in the financial and budget planning aspects of this position due to my devotion for math. I sense that my most favorable qualities for this position are the abilities of being organized and methodical. I believe that I am capable of keeping things in order and in precise detail. I am looking forward to plan fundraisers for our Seaford Community.

2. How do you plan on keeping your class connected and united throughout the year?

I plan on keeping our Student Class connected through multiple ways of communication. I believe that communication is key when keeping everybody on the same page. Examples of communication that I consider to be efficient are remind, zoom, and certain polls. I consider it important for the students to be kept up to date with the information that can be sent out through remind and discussed on zoom. Polls can also be sent out to get the general idea of what the students' opinions are on things. It is important that the students' opinions are viewed and incorporated in plans.

3. Over the period that we have had remote learning, how have you stayed involved in Seaford High School and demonstrated leadership within your graduating class?

During this period of remote learning, I have stayed connected with Seaford High School through participating in as many zoom meetings as possible. To keep myself even more connected, I follow Seaford High School's social media platforms to keep myself informed on any events that may take place during this quarantine. I try to include myself in as many events as I can while adjusting to remote learning. I demonstrated leadership during this quarantine by hosting study groups with several classmates. The purpose of these study groups is to continue succeeding academically without being in a classroom.
