

Meet the School Psychologist

MY ROLE: My role as a school psychologist is to help students succeed academically, socially, behaviorally and emotionally. I collaborate with educators, parents, and other professionals to create safe, healthy and supportive learning environments that strengthen connections between home, school, and the community for all students. Further, I provide counseling services and consultation for those struggling with academic, social, emotional and behavioral challenges.

Ms. Harrington

ABOUT ME

My name is Ms. Harrington, and I am super excited to work with all the students at the Seaford Manor Elementary School this year!

Fun facts about me: I have a cat named Bleu, who I named after bleu cheese. I love the beach, cycling, reading, shopping, and spending time with family and friends.

You can look forward to working with me because I am student-centered and want to get to know each student on an individual basis. Counseling can also be fun whether we work together 1:1 or in a group setting. I am here to help support students throughout the year, so please don't hesitate to reach out!
